Introduction

Dear Learner,

Derived from the Latin word for light, Lumen denotes the dawn of a new-age online-first learning experience. It is specifically designed to empower modern-day online learners like yourself to study with enhanced efficiency & achieve your end goal with ease.

To make the most out of this online learning platform, we recommend you understand its features and functionalities first. This handbook will provide you with all the required information about various aspects of Lumen.

So, welcome to the dawn of your learning journey with Lumen. We wish you the best of luck!

Getting Started

Post your enrolment, you will receive a Welcome Email on your registered email id, containing links to reset password, resources, and details of the Lumen mobile app.

To log in to Lumen, please follow the below steps:

1.1 Welcome Email

Step 1

- Set your password using the reset link sent in the welcome mail within 72 hrs. or else the link will expire.
- If you're unable to find the welcome email on your registered email id, check your junk or spam folder.

1.2 Login Using New Credentials

Step 2

- To login, click on the Lumen web link provided in the welcome email and enter the registered email ID (username) and your password.
- Forgot password: In case you don't recollect the password, click on forgot password to receive the reset link on your registered email address.
- In case of any issues with first-time login, please contact the helpdesk via the support email mentioned in the welcome email.

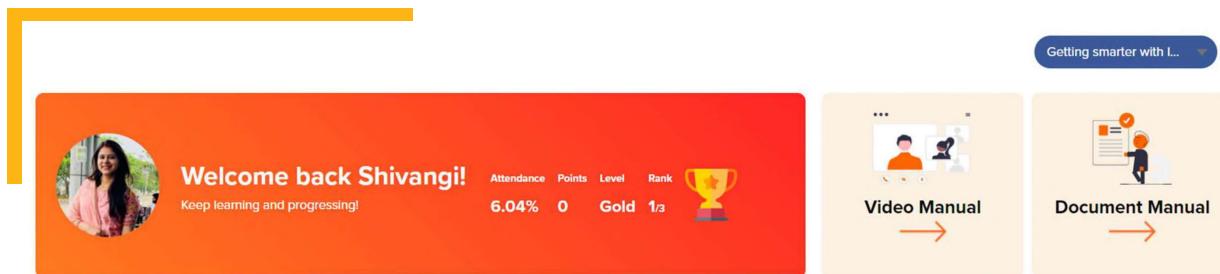

Dashboard

2.1 Overview

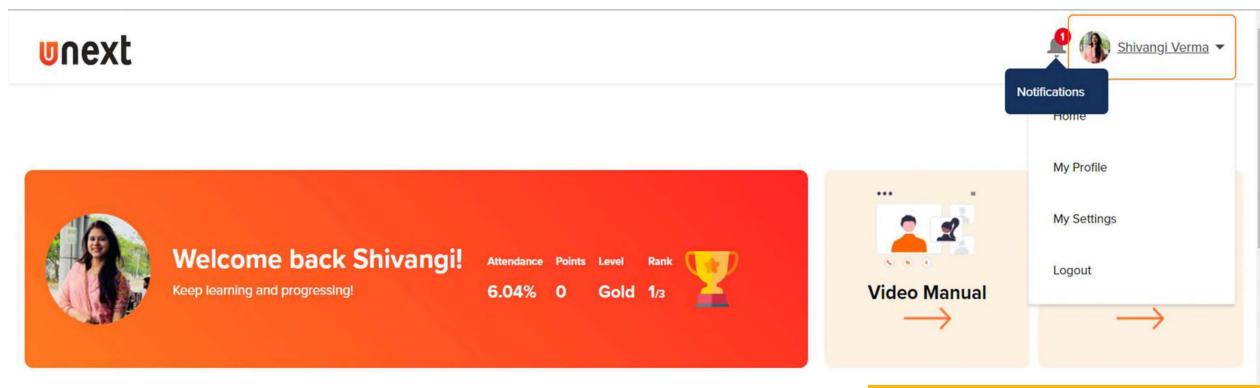

Learner's dashboard in Lumen prioritizes usability and accessibility. You can find all the information you need to succeed in the courses here, in a clear and easy-to-understand format.

- Performance Overview:** In the top banner, you will find an overview of your attendance, points earned, level and rank.
- Video Manual:** This short video lets you view all the features and functionalities of Lumen.
- Document Manual:** The Document Manual allows you to carefully read all the features and functionalities of Lumen.

- Profile:** On the top right-hand corner, you will find the profile section. If you click on the down arrow next to it, you will see the following three options:
 - Home:** This is the dashboard page & the first page you see after logging into Lumen
 - Profile:** You will find all your personal details like name, address, contact and email address on this page. It will have the following two buttons:
 - Click here to see documents: You can click here to access all your submitted documents.
 - Click here to see payments: You can click here to see all your updated payments.

Note: You will receive your payment receipts will be shared within 12 hours after the successful payment is done.
 - Logout:** You can log out of your account by clicking here.
- Notifications:** You can check for any new activity publication, assessment & quiz reminders, and alerts here.

2.2 Your Courses

You can find the list of all the program courses you are enrolled in here. Your progress will be mentioned in percentage against each course.

2.3 Resume Learning

Your course progress is automatically saved by the system. Clicking on the course you wish to resume learning will direct you to the respective **Course Dashboard**.

2.4 Pending Tasks

To complete your pending activities like quizzes, assignments, live classrooms, etc., you simply have to click on the view button next to the respective activity. This will help you stay organized and on track with the coursework.

2.5 Cards

The announcements, blogs, library and other cards have modules that will provide you with necessary information throughout your learning journey. In all your programs, the announcement and reading material will be on the bottom banner.

2.6 Support Tickets

To raise any support ticket, click on the help icon (?) present on the bottom right corner of the screen. Fill in the mandatory details like subject, level of priority, name of the program you enrolled in, and the query type, etc. Finally, click on submit. It's good practice to attach a screenshot of the trouble you have faced in Lumen. In case you're unable to access Lumen, send an email on the support email id mentioned in the welcome mail for any assistance.

The screenshot displays the Lumen platform interface. At the top, there's a navigation bar with the Lumen logo and a user profile for 'Shivangi Verma'. Below the navigation bar, a prominent orange banner welcomes 'Shivangi' back and encourages learning and progressing. The banner also shows current statistics: Attendance 6.04%, Points 0, Level Gold, Rank 1/3, and a trophy icon. To the right of the banner are two cards: 'Video Manual' and 'Document Manual', each with a small icon and an arrow pointing to it. The main content area is divided into several sections: 'Resume Learning' (with an icon of a person at a desk), 'Pending Tasks' (listing 'Discussion Forum' with 2 pending items, 'Data Engineer- Standard ...', and 'Doubt Clarification'), and 'Your Courses' (listing 'Getting smarter with data' at 0.27% completed and 'Know your company' at 66.67% completed). On the far right, a calendar for May 2023 shows various scheduled events and quizzes. A large question mark icon is located in the bottom right corner of the main content area.

2.7 Calendar

The calendar tool gives you an overview of upcoming events, quizzes, assignments, and deadlines. You can schedule upcoming events like quizzes and assignments in advance and manage your time effectively to improve your overall learning experience and outcomes. Click on any calendar event to go to the respective content. You can also access details like the event title, validity, and description with this.

All Courses

3.1. Course listing

You'll find 'All Courses' in the Your Courses card. Clicking on it will display the list of courses you are enrolled in for the program. The (i) icon next to a course will give you the respective course overview. You will find a pin icon on the top right corner of each course. Clicking on it will move the course at the start of the list. This will help you prioritize the course you want to finish first.

Course Dashboard

4.1 Overview

Course dashboard in Lumen prioritizes accessibility, focusing on providing you with all the necessary information you need to succeed in the course.

The screenshot shows the Lumen Course Dashboard for a 'Business Communication' course. The left sidebar features a 'Quick Link' menu with options like Dashboard, Content Area, Live Classroom, Quiz, Assignments, Discussion Forums, Programming Lab, Today's Tasks, Calendar, All Notes, All Q&A, and Bookmark List. The main content area displays course details ('Business Communication'), a 'Resume learning' section with a 'Test quiz blank issue' card (100% Completed), a 'Today's Tasks' section with a 'To Do' list (Completed: Live Classroom scheduled at 1:30 PM), and a 'Calendar' showing tasks for April 16-22, 2023. A 'Your Progress' section on the right shows a gold level (6 points), a progress bar (59% completed, 5% in progress, 36% yet to start), and a 'View Leaderboard' button.

4.2 Quick Link Menu

There's a Quick Link menu present on the left side of the dashboard. This menu lets you quickly access links, shortcuts, and tasks like Content Area, Live Classroom, Quiz, Assignments, Discussion Forum, etc.

4.3 Start/Resume Learning

When you login to your account for the first time, you will find the Start Learning card next to the Quick Link menu. Once you start a course, this card will change to Resume Learning. Clicking on the resume button will let you continue learning from where you paused earlier.

4.4 Your Progress

You can view your course progress in this section. It has a leaderboard comprising your current level, points earned and rank. It also gives an overview of the published content completed by you, in progress and the content that is yet to be available for you to consume.

4.5 Content Area

Content Area lets you navigate quickly to the table of content of your course.

4.6 Course Overview

Course overview gives you an overall detail of the course you are enrolled in.

4.7 Today's Tasks

Today's Tasks enumerate all the tasks and categorize them into two groups.

- a) **To-Do:** This section will display all the tasks that are pending on a particular day.
- b) **Completed:** This section will display all your tasks completed on a particular day.

Task List (4)		Completed Tasks (6)	
Live Classroom is scheduled at 1:30 PM: "Link to the live classroom"	Learn C at your finger tips.	Live Classroom is scheduled at 11:50 AM: "Link to the live classroom"	Learn C at your finger tips.

4.8 Course Calendar

The Lumen Course Calendar helps you keep a tab of all the tasks that are specific to a specific course. You can view your upcoming quizzes, assignments, and deadlines here and complete them on time. You can click on these calendar events for more information.

Below are some interesting features you must know about Lumen Course Calendar:

a. **Create Self-task:** You can plan your daily schedule and keep track of it on the calendar.

Here's how you can create a self-task:

- i. Click on “+ self-task” button.
 - ii. Add title, description & duration.
 - iii. If you want the self-task to run for the entire day, click on All Day.
 - iv. Click on Recurrence to choose to repeat the task on a daily, weekly, or monthly basis.
- By default, it would be set to “Never.”

b. **Legend & Filter:** You can find the legend & filter feature on the right-hand corner of the screen.

It enables you to check the sessions and activities blocked for your perusal on a daily, weekly, and monthly basis.

c. **Calendar Sync:** You can also sync your Lumen calendar with Google and Outlook calendars.

Here are the steps:

- i. Click on the Google/Outlook calendar
- ii. Click on Courses to sync and click calendar URL
- iii. Follow the steps mentioned and copy the URL.

Note: Plan your sync in advance as the syncing process may take a few hours

Content Area

5.1 Overview

You can view your course’s table of content (ToC) in this section, along with quick links to My Performance, My Progress and Filter.

You can click on a particular topic and view the different course contents that might be available. Adjacent to this, you can view the progress and the time taken to complete a particular content type and topic.

The screenshot shows the Unext Content Area interface. On the left, there is a sidebar with navigation links: Dashboard, All Courses (selected), Content Area (highlighted in orange), Live Classroom, Quiz, Assignments, Discussion Forums, Programming Lab, Today's Tasks, Calendar, and All Notes. The main content area has a header "Business Communication" and a breadcrumb trail: Dashboard > All Courses > MBA > Business Co... > Content Area. It displays a table of course contents with columns: Title, Progress, and Time to Complete. The table rows are:

Title	Progress	Time to Complete
Unit 1	64.93% Completed 9 / 14	8 H : 11 M
Unit 2	50% Completed 1 / 2	2 H : 4 M
Quiz Check	Yet to start 0 / 1	15 M : 00 S
Assignment 01	100% Completed 1 / 1	30 M : 00 S
qwe	100% Completed 1 / 1	30 M : 00 S
Test quiz blank issue	100% Completed 1 / 1	30 M : 00 S

5.2 My Performance

You can view your performance in this section. My Performance helps you keep a tab on how well you are doing compared to your peers. You can also view the leaderboard to see the points received you've received, your current level, and rank.

5.3 My Progress

You can check your progress with regards to the class's average progress here

5.4 Filter

The filter feature will enable you to view the course content as per your choice. You can filter the content based on the following:

- (i) Content Type
- (ii) Content Status
- (iii) Time to Complete

Once you've entered the values for the required filters, click on "Apply Filter" to view the result.

5.5 Content Player

This player supports all types of content such as Audio, Video, Doc files, PDF, etc. The Content Player section gives you a better learning experience by offering the following options:

a. Notes

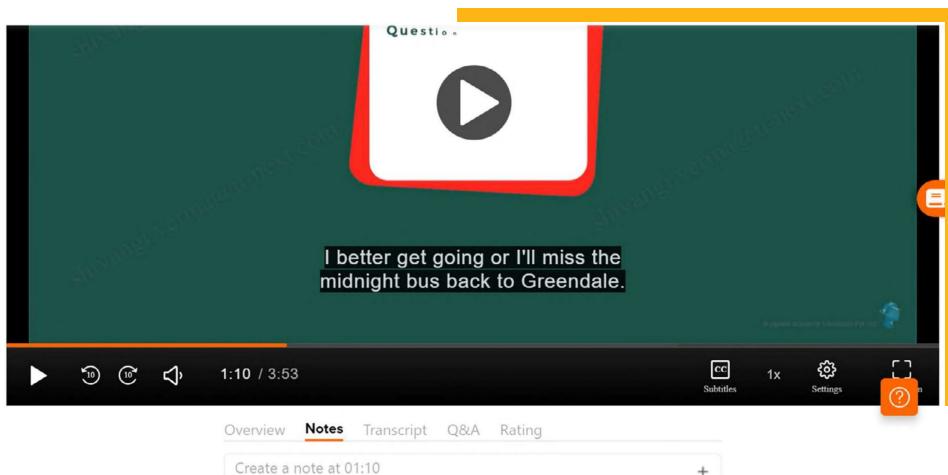

- You can watch the particular content type and prepare notes for better understanding.
- You can add a note at a particular timestamp and save it for future reference.

b. Q & A

- You can ask your doubt related to the particular content here. The following two features can help you further in getting your query solved:
 - Filter: You can filter the questions that you have posted, following, without responses or which are verified by other learners by clicking here.
 - Sort: You can sort the questions by most recent, most upvoted or the oldest using this feature.
 - Frequently asked questions in this content: This displays the number of frequently asked questions by other learners.

c. Rating

- You can rate the content and add feedback for each session using this feature.

Live Classroom

6.1 Overview

Live classroom provides you with real-time interaction, fostering engagement and collaboration in your online learning journey. The Live classroom quick link will direct you to all the live sessions scheduled for you in your course as well as recordings of the previously completed sessions.

You can visit the below link and follow the best practices mentioned here to have a smooth experience in the Live session : <https://knowledge.kaltura.com/help/quick-tech-check>

6.2 Upcoming

All your upcoming live classroom sessions will be listed here. You can access the session details and ideal completion time as well. Also, a pre-read attachment, if required during the class, will be added here for your reference. To join the live session, all you have to do is click on the Join button.

6.3 Completed

After the session is completed, you can see the below details in the completed tab

- a) Session Details:** You can find the session title and session date & time in the session details.
- b) Recording Details:** Clicking on the down arrow> Click View Recording

The **content player** opens when viewing the recorded sessions.

External Classroom

7.1 Overview

You will be able to write notes on Lumen during the offline session/external session and would also be able to view the attendance and notes which will be saved for reference for the completed sessions.

7.2 Upcoming

All your upcoming sessions will be listed here; session date-time, duration and attachment will be mentioned here. Also, a pre-read attachment if required during the class will also be added here for your reference on clicking on “View” you can add notes during the class and also add doubts question is the Q&A.

The screenshot shows the Lumen Learning Center interface. On the left is a vertical sidebar with the MANIPAL logo at the top, followed by a 'Course Dashboard' section containing icons for Dashboard, Content Area, Learning Community, Assignments, Quiz, Discussion Forums, Today's Tasks, and Calendar. Below this is another section with icons for All Notes, All Q&A, and Bookmark List. The main content area is titled 'External Classroom' and shows three 'Upcoming' sessions:

- External Class on Marketing Communications**: Crash Course in Account & Finance / ... on Accounting Specialized knowledge of varied accounting topics and techniques. Session date-time: 12 Dec 2021, 5:30pm. Session duration: 1 hr : 30 min. Attachment: ABC.pptx. View button.
- External Class on Marketing Communications**: Crash Course in Account & Finance / ... on Accounting Specialized knowledge of varied accounting topics and techniques. Session date-time: 12 Dec 2021, 5:30pm. Session duration: 1 hr : 30 min. View button.
- External Class on Marketing Communications**: Crash Course in Account & Finance / ... on Accounting Specialized knowledge of varied accounting topics and techniques. Session date-time: 12 Dec 2021, 5:30pm. Session duration: 1 hr : 30 min. View button.

7.3 Completed

After the session is completed, you can view your attendance here.

a) Notes

1. You can access all the notes you added during the session here.

b) Q & A

1. You can ask your doubts related to the live sessions here.

i. Filter: You can filter the questions that you want to see. They can be questions posted by you, followed by you, unanswered questions or the ones having verified answers from other learners.

ii. Sort: You can sort the questions based on the number of upvotes or their recency.

iii. Frequently asked questions in this content: This section displays the number of frequently asked questions by other learners.

The screenshot shows the Lumen Learner Handbook interface. On the left, there's a sidebar with the Manipal University logo and navigation links like Dashboard, Learning Center, Grade Center, and Performance & Certificates. The main area has a header with the Lumen logo and a search bar. Below the header, the 'Course Dashboard' is visible, featuring a 'Content Area' section with links for Live Classroom, External Classroom, Quiz, Assignments, Discussion Forums, Today's Tasks, and Calendar. The 'External Classroom' section is expanded, showing two entries under 'Completed'. Each entry includes a thumbnail, title ('External Class on Marketing Communications and International Trading Concepts 1'), a brief description, session details (date: 12 Dec 2021, duration: 1 hr : 30 min), attendance status (Present), and an attachment link ('ABC.pptx'). There are 'View' buttons next to each entry.

Quiz

8.1 Overview

The quiz feature offers you a valuable assessment tool to evaluate your course comprehension, track your progress, and reinforce learning objectives. It also provides immediate feedback, and promotes active recall, enhancing your engagement and knowledge retention.

8.2 Quiz List

Clicking on the Quiz quick link takes you to the Quiz List.

8.3 Attempt

Clicking on the quiz title will take you to the respective quiz page. Here, you can view the type of questions asked, the weightage of each question and other pointers that seem important to your respective course faculty.

Here's some more information on how this feature works:

- i. To attempt a quiz, click on "Start Quiz." Refer to the legends in the bottom left corner while answering the questions.
- ii. You can click on "Mark for Review" to revisit a question later, before submitting the quiz.
- iii. If you feel that your answer is incorrect you can reset your answer.
- iv. You can navigate to the next question through the number panel on the left-hand sidebar or, using the "Next" and "Previous" buttons.
- v. If the quiz is time-bound, the timer can be viewed at the top right corner.
- vi. Once completed, click on "Submit".
- vii. If the quiz has multiple attempts, you can attempt the quiz again after submitting it for the first time.
- Note: The quizzes might be remotely proctored.

Remote proctoring is a feature that enables monitoring and supervising online exams or assessments from a remote location to maintain the integrity and prevent cheating.

- If this feature is enabled for a quiz then you cannot switch tabs, otherwise, you might be removed from the quiz interface and will have to resume the quiz.
- You might have to give access to your webcam and mic and will also have to share your screen so that you can be monitored, before starting the quiz.

8.4 Quiz Report

After the report is released, you can view the report, where you can check your responses and see whether they are correct or incorrect. You can also view your status, and whether you passed/failed the quiz. This report is replete with information that will help you analyze your performance.

Attempts	Submission Status	Attempt Date & Time	Score	
Attempt 01	Submitted	17 Apr 2023, 16:28 PM	0	Request to re-attempt Quiz Report
Attempt 02	Submitted	19 Apr 2023, 12:51 PM	15	Re-attempt requested

8.5 Request for Re-attempt

Clicking on quiz title will take you back to the respective quiz details page. Now a “View All Attempts” button will be visible. Clicking on it will open a dialogue box to view the number of attempts taken, their submission status, attempt date and time and the scores obtained.

If you are unhappy with how you performed in the Quiz, you can request a re-attempt. Click on “Request to reattempt”. You will be asked to give a reason for why you want to re-attempt and once you submit, a request will be sent.

Assignment

9.1 Overview

The assignments section lets you apply your knowledge to different real-life scenarios associated with the topic/course. It ensures your active learning and a deep understanding of the subject matter. You also get valuable feedback necessary for your overall improvement.

The screenshot shows the Unext platform interface. On the left, there's a sidebar with various course-related links like Dashboard, Live Classroom, Quiz, Assignments (which is highlighted in orange), Discussion Forums, Programming Lab, Today's Tasks, All Notes, All Q&A, and Bookmark List. The main content area is titled "Assignment on Business Communication". It shows the assignment's purpose ("Align the assignment based on the learnings from the course"), its status ("Ongoing"), and its validity period ("Validity: 31 Jan 2023 8:00 am - 31 Jul 2023 12:37 pm"). Below this, the "Instructions" section contains two bullet points: "Make your submission as a single PPT File" and "Write your name, roll number and other relevant details in the first slide". The "Questions" section is titled "1. File Submission 60 Marks" and asks the user to "Express your thoughts on Business Communication". There are orange callout boxes pointing to the sidebar and the assignment details area.

9.2 Assignment List

Clicking on the assignment quick link will take you to the list of all the assignments. On every assignment tile, you can see different tags denoting:

Assignment status – Expired/Ongoing, Validity, Final Scores and Submission status.

Make sure to answer all the questions in the assignment. Assignments are usually enabled with a plagiarism checker, so submit original content to avoid any penalty.

9.3 View Attempt

Here are the steps to view your attempt:

- Click on the assignment topic.
- Click on “View Attempt.”
- It will open a dialogue box where you can look at your submission status, attempt date and time, an option to view the report and an option to request to re-attempt the quiz.

9.4 View Report

Here are the steps to view your report:

- a) Click on a particular assignment.
- b) Click on “View Attempt.”
- c) Click on “View Report.”

Now, you can see your name, submission date, deadline, performance status with percentage scored, overall feedback on the assignment and question-wise feedback. You can also download the assignment that you have submitted for your perusal.

9.5 Request for Re-attempt

Here are the steps to request for re-attempt:

- a) Click on a particular assignment you wish to re-attempt
- b) Click on “View Attempt.”

Click on “View Attempt” will open a dialog box, beside the submitted assignment there will be a bold text – “Request for Re-attempt”, click on the text, submit the reason and here you go your request will be sent to the faculty for the re-attempt.

Note: the faculty has all rights to accept or decline your request.

Once your request is accepted, using the same navigation you can attempt the assignment once again.

Discussion Forum

10.1 Overview

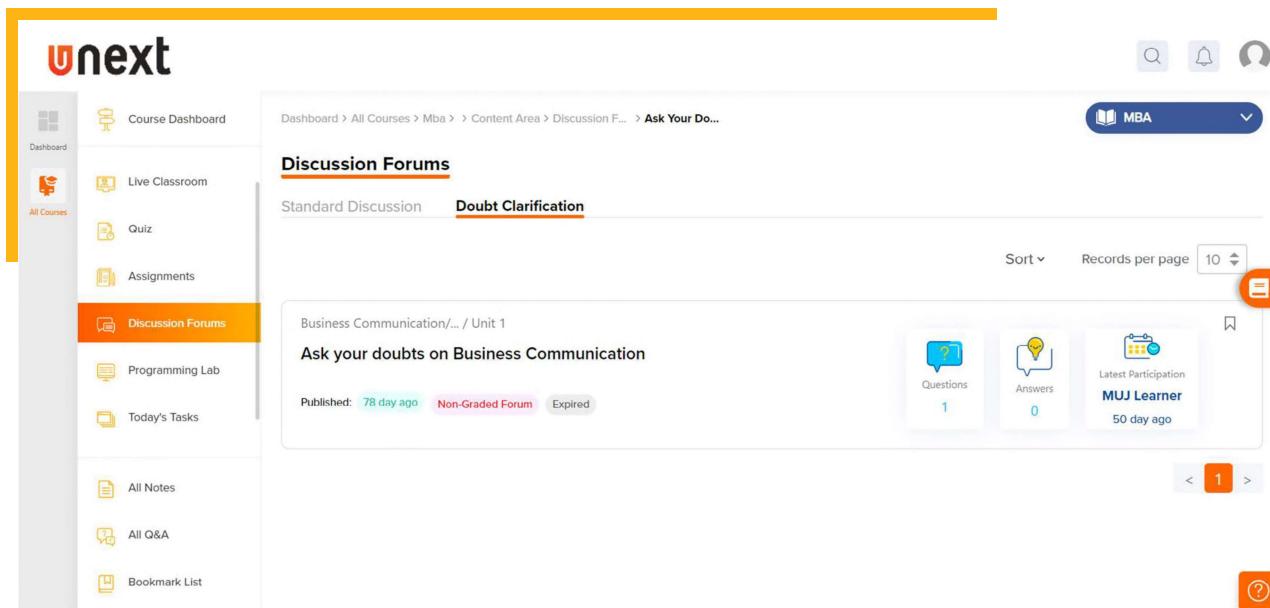

Replicating the experience associated with offline peer-to-peer learning and group discussions, Lumen’s Discussion Forum lets you post your questions and get your doubts clarified whenever you want.

10.2 Standard Discussion

In the Standard Discussion section, you can discuss the topics that have been taught with your peers and understand their perspectives. It provides a space for you to engage in meaningful discussions, share perspectives, and deepen your understanding of course topics through active participation.

10.3 Doubt Clarification

Not clear of your doubts yet? You can put up your doubts in the Doubt Clarification section.

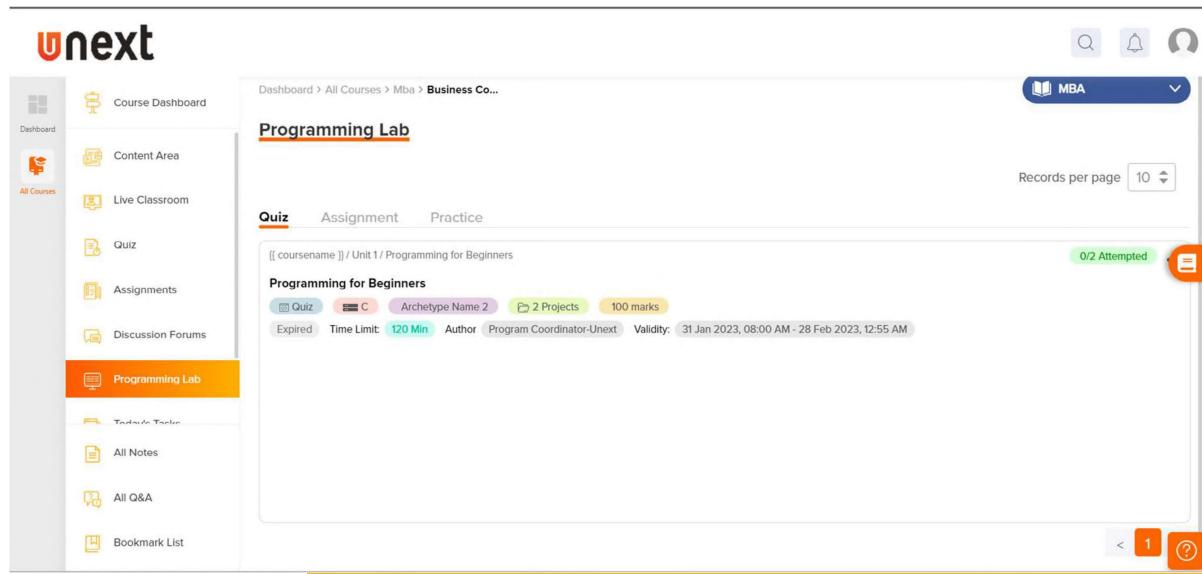

UNext Labs

(Virtual Programming Environment)

11.1 Overview

If you are enrolled in a program which pertains to learning a programming language, then this is the space you can use to practice your programming skills. You can hone your skills by practicing in this programming environment.

11.2 PE Quiz

Clicking on the Programming Lab quick link takes you to the list of Programming Exercises.

Click on the PE quiz topic, and it will take you to the instructions page, which will describe the type of questions asked, the marks each question carries and other pointers which seem important to your respective course faculty. To attempt, click on “Start Quiz”. Refer to the legends on the left bar while answering the questions. Once completed, click on “Submit”. PE quizzes are time-bound. You’ll see a timer running in the top right corner whenever you attempt these quizzes.

After the report is released, you can view the report from the PE Quiz details page under view attempts, where you can check your responses and see whether they are correct or incorrect. You can also check whether you passed or failed the quiz.

11.3 PE Assignment

Click on the PE Assignment under the assignments tab in the Programming Lab. It will take you to the instructions page, which will describe the type of questions asked, the marks each question carries, and other important pointers to your respective course faculty. To attempt, click on “Start Assignment.” Refer to the legends on the left bar while answering the questions. Once completed, click on “Submit”. After the report is released, you can view it from the PE Assignment details page under view attempts, where you can check your responses and see whether they are correct or incorrect. You can also view your status, whether you passed/ failed the assignment.

11.4 PE Practice

In this space, you can take PE practice exercises assigned to you. There is no submission needed in practice exercises.

Learning Tools

12.1 Overview

These tools come in handy to access all the notes that you have made, questions you have asked or your bookmarked file for a particular course content.

12.2 All Notes

This is a quick link to all the notes you have created at any time. You have options to add/create notes for all content types.

Different content types are as follows:

- PDF content
- Video content
- Live classroom recordings
- Presentations
- Image
- Audio

Clicking on the All-Notes quick link opens the notes page. On its left, you can scroll down to access all the notes you have created. The details open on the right when clicking on a particular note title. On this page, you can view the notes you have created in a specific unit or folder, and all the related notes to that unit/folder will be listed below it.

12.3 All Q & A

You can ask your doubts about different content types in the Q & A section of these content types. All the doubts can be viewed under the “All Q & A” quick link. On the Q & A page, you can scroll and view all the doubts on the left-hand side. Click on a particular doubt title to see the respective answer. You can also view the upvotes on your doubt and how many days it has been since the doubt was answered.

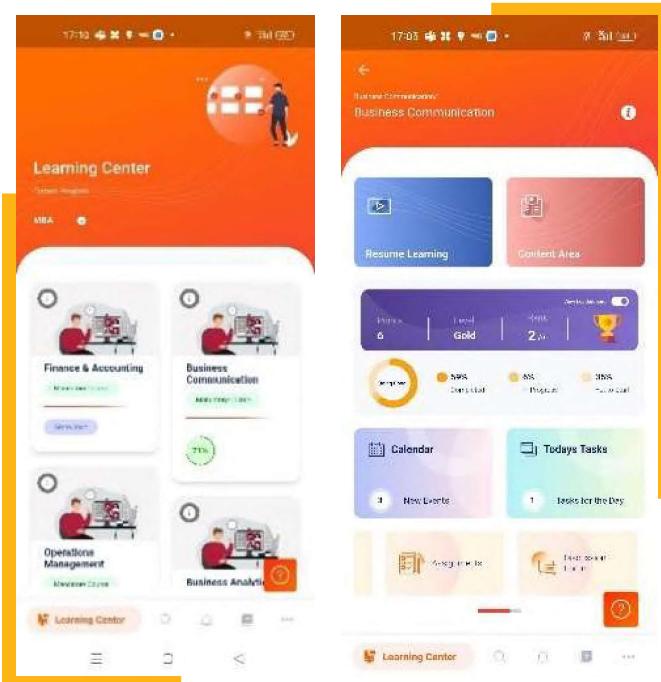

12.4 Bookmark List

You can access all the items that have been bookmarked under this section.

Lumen Mobile Application

13.1 Overview

The Lumen mobile application has all the features that are on the web and are always in sync. It means, if you consume content/activity on mobile, the same will be updated on the web, near real time. The Lumen mobile app is accessible on both Web & Mobile App. For Mobile, the app seamlessly works for both Android and IOS devices with a decent Internet speed of 1Mbps.

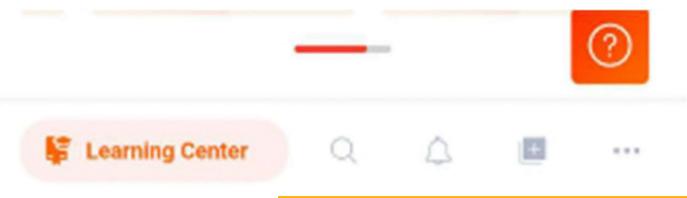

Play Store App:
<https://bit.ly/3L6QXuS>

AppStore App:
<https://apple.co/3L8OhNi>

13.2 Bottom Navigation

In the bottom navigation, you can access search, notification, and offline file lists.

Click on the three dots on the right to check your profile details and guided app tour.

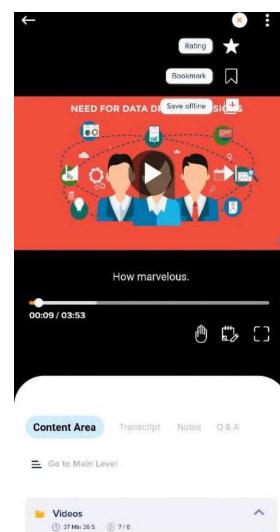

13.3 Save for Offline

You can access content on the Lumen app in offline mode.

Here's how:

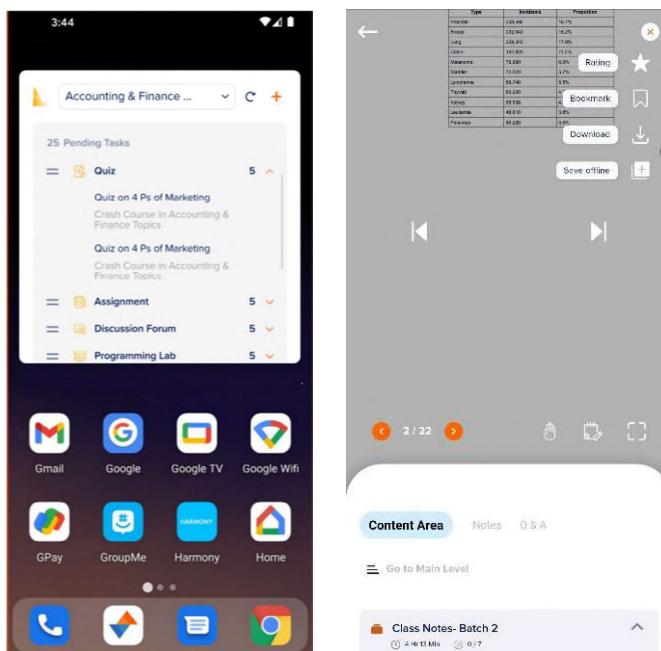

- Play the content
- Press and hold on the content
- Click on the (+) icon on the right-hand corner
- Click on "Save Offline"
- Click on "File Download"

In the bottom navigation clicking on (+) icon will display all the content you have saved for offline usage.

13.4 Pending Task Widget

Widgets are a powerful tool for enhancing your learning experience and helping you achieve learning goals. Once you have downloaded the app, you will be allowed to place the widget on the home screen. For IOS users, you will be allowed to place the widget as well as pending tasks as 4-icon widget.

Thank you for your
dedication to learning.

Wishing you a fulfilling and successful
journey ahead!
